Jon - below is their response to my inquiry. I have logged into our account and printed the bill. I will give to Polly to stamp and send over. I will make sure I do that on the 1st of each month. Sorry for being a bother. I'm sure you have much more important things to do than dealing with me stirring up stuff. Lol.

Attached is the budget change form for the 100 account that I told you was not done correctly the first time. Becky was looking at the last column when she came up with the figures to transfer. I also added a change in the 126 account. She had \$25.00 when it should have been more. If you already made that transfer then adding another \$125.00 won't hurt. Let me know if you have questions about this. Thanks!

Thanks. I notice Becky may have picked up the wrong amounts on a few things such as the 100 account and the Minor equipment and furniture on the 126 account. I will fix that and get her to sign and send it over. I think you should disregard the 100 account changes and let me send a new one!

Laura,

We budget 126 since any unspent funds come back to the county at year end as well as we have some personnel and other recurring expenses that are funded from it. Since we fund personnel from it, we do not allow any transfers from personnel or benefits (this is applicable to all funds) since we need to make sure we have enough funds to cover all 26 pay periods. The available budget is based on estimated collections, which do not always occur and if they fall short, the county will cover any shortfall.

When you talk on Friday, please let me know if you have additional questions.

Thanks,
Jon

She is out of the office but I will be meeting with her on Friday. After I talk to her we will submit the budget change form. The thing I have never understood is why we are budgeted in the 126 account. Is it just to keep us accountable for spending? If the remaining balance is \$88,527.53 wouldn't we be able to access that? Just trying to understand. Thanks!

Laura,

These are the budget reports through 2/28 that Michelle sent Beck on Monday. If you look at fund 126, you will see that travel (5800) and training (5810) are over budget. What we need done is for a budget transfer to be completed from another operating account in fund 126 (non salary and benefits accounts) to cover the negative. It appears computer services (3417) and/or supplies (6100) would be the best options. If you can send the transfer at the same time you send over the request for payment on the conference, this allows us to make sure we are keeping our funds in balance and do not overspend.

If you have questions on completing the form, let me know.

Thanks,
Jon
