2023-07-21 T 08:51:36		I just want you to know that after watching the videos that are out there, no matter what people say about you. Even if u never respond, I believe in you Alex. I know you are far from a saint. But I know also that you are a human being who makes mistakes. I will be here to listen to you. Opening up to a stranger may not sound like something you might do anytime soon. You probably don't trust anyone and I get that. I just want you to know if everybody turns their back on you, I'll still be out here. The media says that women who write you are lonely and I'll tell you right now I'm far from it. I have never in my life been so drawn to someone. I need to know you. I want to know you. You're in prison and may never get out. That hurts really bad to face that. I don't know you. We've never met. I'm still trying to figure this out. Why you? Alex, I care about you. I wished I could do something to help you. Remember, I'll always be here. I'll keep writing so u don't forget who I am. That silly woman out in Vegas who is OBSESSED with Alex Murdaugh.	Danielle Hopkins 71.38.92.42

I'd give anything to put you in my mouth and swallow you. Every last drop Alex.	Danielle Hopkins 71.222.56.44

2023-07-13 T 05:31:18		Hello there Alex. So everyone heard your little 1 mnote phone call to Buster. Nothing you do is private anymore. But it is really sad that Buster wouldnt make time to speak to you. I have a question. How is it that Sammy the Bull killed 19 people, admitted to it and hes out? This has been bugging me.
