□Thoughts : I'm depressed, it's 1 AM Sports and Hannah are my only purpose What more do I have Every time I see her I am refreshed [REDACTED]  
[REDACTED]  
[REDACTED] She kept me strong through the hardest time in my life by just being there Her face brightens up my day Her smile is contagious [REDACTED]  
[REDACTED]  
[REDACTED] Helping people lets me get out of my state of mind Depression is closing in I feel heavy up to my mouth Breathing is concise [REDACTED]  
[REDACTED] I'm 16 but I'm wiser than my age [REDACTED]  
[REDACTED]  
[REDACTED] I want to be with her forever Travel the world Start a family Impact the world positively But this is too far I'm 16 Things come and go especially at this age That's too good to be true My friends think I am better than them Am I a bad friend ? They help me forget They help me get out I want to result to something to ease the pain But that's the easy way out My future is too valuable Or so they say I hope she's in it One way or another Everything I live for seems to be fading My mind isn't cooperating Am I bipolar ? I feel so down I can't escape Please let me return tomorrow I want to see her And hug her And watch her enjoy life [REDACTED]  
[REDACTED] Do I know happiness ? Is it real? After all this pain and suffering what is real? Is life a figment of the imagination? All my friends see signs from god Where was he when my life fell through I grew up on my own No father figure and my best friend was removed 1:40 No role models No one to look up to My biggest fear is growing up and becoming a monster like my father There is a place in me that loves him Hopefully he can be helped But it's not my place I am not stable enough My head hurts I can't sleep Nothing will bring me peace I have to help people I must go on [REDACTED]  
2:10 I feel like I have a purpose I feel like what I'm doing is right I feel reassured Talking to those I care about most make me feel good But I still have a hole And it's unreparable But what I do with that hole will define my life 3:25 Thankful

Broken nose, 4 stitches, back behind the plate the next day and sliding head first for a hit. Going to have to make sure that the CT scan was truly all clear!
