We would like a full investigation as to Heather Wilson's phone texts, messages, pictures, her son DJ's affair with my wife, and anything else that Heather has done during this time that could've pushed my wife to suicide.

My wife text her son asking him to NOT text her and he did anyway.

It is my heart that Heather Wilson and her son are the main cause of all that has happened.

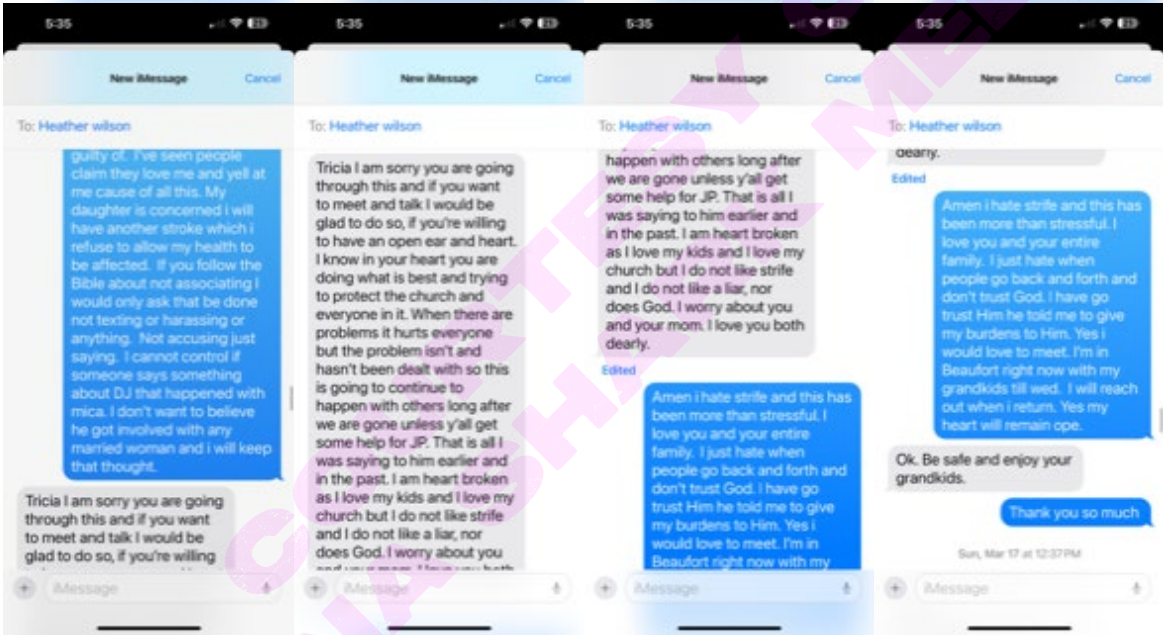

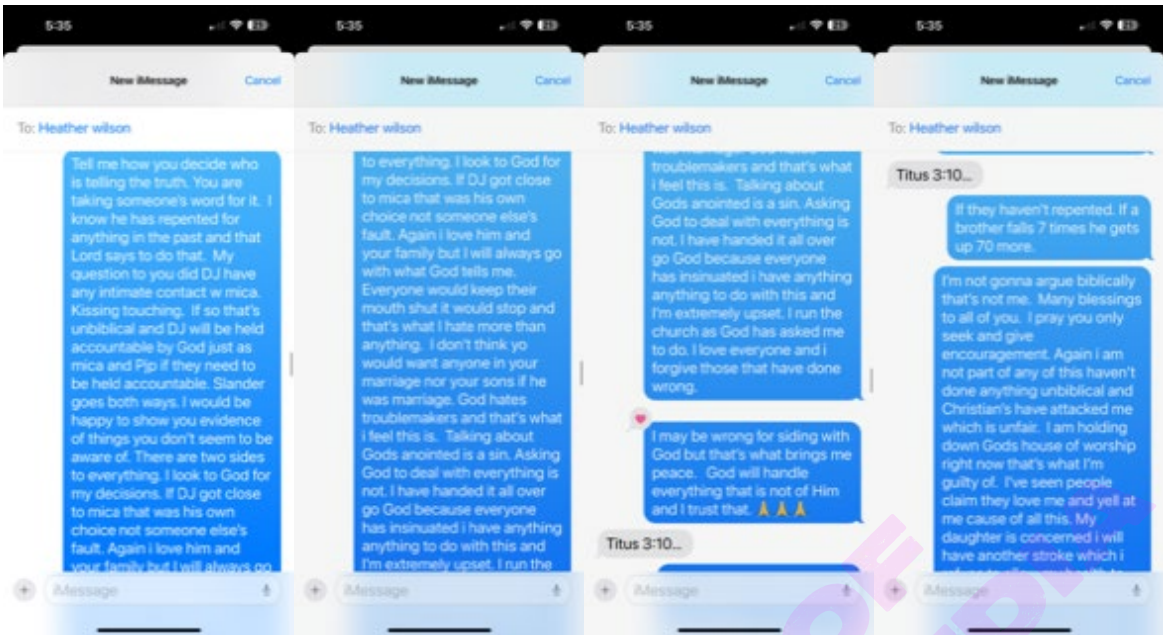

We have witnesses of Heather Wilson in a restaurant openly saying horrible things about my wife just a few days ago.

We are working on a civil suit as well.

Thank you

John-Paul Miller.

You had said to me that you didn't know why people come after you or say things to you. It is because people feel like you should know and should address certain things in your position. Here is the definition of this word so you can pass along to everyone. Just because someone says "I have video and photo proof" does not mean they do! I pray there is photo and video, as a matter of fact, I may find out where they were so I can get video to prove what happened and then... That is slander. We have been taught not to spread misinformation or rumors or gossip but every person who leaves he does that with. I love you but I can

God leads me and he tells me what to do and it doesn't involve hurting people slandering or anything else. God knows my heart and I will continue to do the work he needs me to do at church. Unfortunately kissing and stuff w a married person is an affair and adultery in the Bible. Trust me I don't want it to be true cause I love your son. That won't change. Many blessings and prayers to all of you. God will heal everyone's hearts but it will take God quieting the waters.

Very true but on this earth and legally that is what affair means and in turn is slander.

It's Gods job to warn. My God wouldnt have anyone warning by speaking negative of a brother and sister. So I will remain faithful to God and pray for everyone else.

Captain Strickland,

Respectfully sir, we would kindly ask you to look into some things for us. As you are aware there is a lot going on due to the unexpected death of our Pastors wife, Mica Miller. We are very concerned about the connections Heather Wilson has directly with the case and the fact that she is sharing things through texting that pertain to her suspicions that our Pastor "pushed her to suicide". This is unethical as a police officer to show bias with something that is not in the court system yet. In addition, the Pastors private investigator was able to find Heather's son, DJ, kissing and touching the Pastors wife. We have admissions as well to that contact. Heather has since threatned Pastor not to use her son's name. She has sent text messages to Pastor stating all his faults and a manipulated prayer with it. We do love Heather but its very concerning that as a police officer she is sharing with others her suspicions along with pictures. Slashed tires which have never been liked to the Pastor. Of course, people that see Heather sharing things as a police officer takes that for truth. My dad was a police officer and I'm pretty sure her actions are not ethical.

We are attaching photocopies of those mentioned correspondence. We are concerned for not only our safety but retaliation since she is a police officer. She mentions her suspicious of our Pastor having something to do with the wife's death.

There may also have been some sharing of a sexual registry of one of our members to get people to leave the church. Again, we just want everything to be fair and now they are saying Horry County Sheriffs office is handling an investigation and it could be a conflict with her so closely involved.

The most recent texts to me have pictures of our Pastor eating dinner. She sent is saying "this was him with another woman this past week too not to mention the others". She says I'm helping him. "Things like this and so much more sent her over the edge." Those are accusations that should not be coming from Heather being a

police officer. It's very scary. She also sent a picture of our Pastor and another

women to one of our members.

Thank you sir for your time.
