Notes: Lt- Eddy via 322's in car computer for notes. Officers monitored inside and outside both the church and the protesters. Right at the end of the service [REDACTED] requested I come inside to hear the volume Upon going inside with my body camera activated I spoke to [REDACTED]. I could hear a very low chanting from outside. Church service was over. He stated his attorney had stated the city attorney had stated that we would push the protesters across the street. I informed him we had not been given that order and there was no current reason for us to do that. Officer on scene assisted in helping cars leave the parking lot of the church. I generated a separate CAD in reference to the protesters asking if it was against the law and for a report for a reporter last week that allegedly provided a fake name and news badge. They had shown me the state law for ID theft I read the law and showed them where the law is on the sc state house website. I explained to them it did not appear to be criminal but provided them a CAD #. This was also recorded on body camera. They asked about open carry also. No criminal enforcement action was taken or needed. Officers maintained the peace and safety of everyone. [07/28/24 12:38:45 Unit:322]
